Dear Sir:

Applicant is responding to the Invitation to Correct Defects in the International Application, received in our office December 27, 2002, by resubmitting a replacement page of the abstract of the PCT Request Form originally filed November 19, 2001.

Pursuant to your request, the Title of Invention in the abstract now appears identical to the Title of Invention as it appears in (Box 1) of the PCT Request form and as it appears in the description (Rule5.1(a))

Thank you for your kind consideration in this matter.

Respectfully Submitted,

USER INTERFACE FOR A HANDHELD WIRELESS COMMUNICATION
DEVICE

ABSTRACT

5

A user interface (302) disposed upon a handheld wireless communication. The handheld wireless communication device comprises a first housing portion (120) and a second housing portion (220). The user interface is place on a first surface (304) of the first housing portion. The first
10 housing portion and the second housing portion rotate planarly in respect to one another such that in a closed position the first housing portion is planarly adjacent to the second housing portion. The user interface is disposed on the first surface such that the user interface is enclosed between the first housing portion and the second housing portion when the device is in a closed
15 position. Furthermore, the user interface is accessible to he user and located proximal to the user's finger while in use in the open position. This allows for easy activation of the user interface during use.
